

The image features a solid teal background. Overlaid on this are several thin, white geometric lines. These lines form a series of horizontal bars and arcs. A large, semi-circular arc is positioned in the upper right, while a smaller, similar arc is located in the lower left. The word "Blog" is written in a large, bold, white sans-serif font, positioned in the lower right quadrant of the image. The overall composition is minimalist and modern.

Blog

Un elemento
scultoreo che arreda
lo spazio conservando
la sua funzionalità

A sculptural object that furnishes
the room while keeping
its functionality

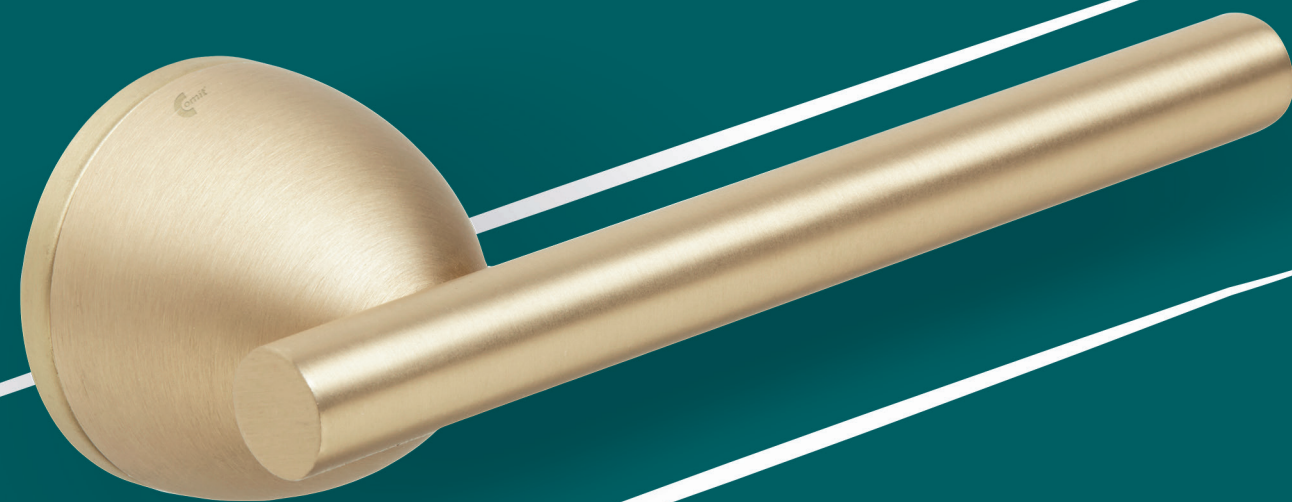

Il design di una maniglia deve rimandare ad
immagini di bellezza, trasmettere sensazioni senza
mai perdere la sua praticità.
È per questo che è stata progettata **BLOG**, una maniglia
che prende forma grazie all'incastro di due solidi
apparentemente diversi ma in grado di convivere in
armonia dando vita ad un oggetto unico.

A handle design should convey beauty , should arouse
sensations without losing its practicality

This is why **BLOG** was born, a handle that is made of 2 seemingly
different solids able to harmoniously combine creating a unique object.
